Despite Slush, Citizens Gather

Heroes

(International News Service)

NEW YORK, Jan. 14.—The three
"lost" American balloonists came
home today. They arrived in a spe-
cial train from Buffalo, N. Y., at 10:38
this morning. Though a drizzling rain
had turned the snow into slush and a
mist hung over the city, a great sized
crowd waited in the streets to greet
the heroic trio. As they alighted from
their train, Lieutenants Kloor, Farrell
and Hinton were welcomed by some
300 persons, including many women.

Among these were city officials who
had come in an informal capacity,
many naval officers and relatives and
friends.

Tears glistened in many eyes when
the three lieutenants who had come
back literally from the shadow of
death, by exposure and starvation in
the frozen wilderness of the north-
lands, leaped from the train the mo-
ment it stopped and embraced their
wives.

From the moment the train pulled
in until the three naval men and the
escorting groups who gathered around
them in the station departed into the
Pennsylvania Hotel, which is across
the street from the station, there was
the steady click of a dozen cameras
while a small army of newspaper men
followed the trio firing endless volleys
of questions at them.

"Hurrah for Farrell!" shouted a
woman.

"Yes, hurrah for Farrell!" joined
a chorus of hundreds.

Thunderous cheers greeted the trio
upon their arrival at the hotel. In the
first utterances to newspaper men the
lieutenants emphasized their wish to
have the fist episode at Mattice for-
gotten.

Auto Dealers of State Will Meet Here January 27

Automobile dealers of Alabama will
meet here January 24 in what it is
believed will be the greatest conven-
tion in the history of the organiza-
tion. A letter just received here from
L. G. Adams, of Mobile, advises the
local committee that one of the large-
est attendances on record is expected
when the dealers are called to order
here. Other reports from over the
state indicate a widespread desire to
attend the local meeting.

Local people are planning a royal
entertainment for the visiting auto-
mobile men. The business sessions

will be held in the auditorium of the
Albany Chamber of Commerce. At
noon on Monday, January 24, the vis-
itors will be entertained at a barbecue
in the upper showrooms of the Malone
Coal, Grain and Motor Company. The
barbecue will be given by the com-
pany.

Monday night the dealers will be
guests of the Albany Chamber of

finitely refused the premiership.

In the event of M. Peret's failure, it

AMENDMENTS ARE PASSED ON SHOALS AFTER AGREEMENT

(International News Service)

WASHINGTON, Jan. 14.—Several
amendments, transferring from the
secretary of war to the secretary of
the treasury all authority over the
proposed continuance of the Muscle
Shoals nitrate plant by a federal cor-
poration, were adopted by the Senate
today without a roll call.

Adoption of the amendments to the
pending nitrate bill was the result of
an agreement reached between Sena-
tor Wadsworth, Republican, of New
York, leader of the opposition, and
Senator Underwood of Alabama, Dem-
ocratic minority leader, who is direct-
ing the support of the measure.

The agreement foreshadowed a final
vote on the bill.

An amendment limiting the opera-
tion of the nitrate corporation to the
Sheffield plant was also adopted in the
Senate today. Another amendment
took from the proposed corporation
all right to condemn or acquire prop-
erty by right of eminent domain.

HEAVIEST PROGRAM OF WORK IN HISTORY PLANNED BY ALBANY CIVIC ORGANIZATION

Enthusiastic Membership Meet-
ing and Booster Banquet
Held Last Night

PRINCIPLE ADDRESS IS
DELIVERED BY WILKS

Pledges for Memberships Very
Encouraging to Officers,
President States

The heaviest program of work in
the history of the organization will be
undertaken by the Albany Chamber of
Commerce in 1921. This decision was
reached at an enthusiastic membership
meeting and Booster Banquet last
night in the auditorium of the cham-
ber's quarters in the Colonial build-
ing.

The address of the evening was de-
livered by Dr. W. P. Wilks, pastor of
the Central Baptist church. He out-
lined the plans for the commercial or-
ganization for the next twelve months
and pointed out the many benefits
which would accrue to the community
as a result of continuation of the civic
work. He urged the united support of
the citizenship for the chamber.

Two minute addresses also were
made by a number of others and John
Patterson extended a plea for support
of the Tennessee River Improvement
Association, which is active in the
fight for development of the Tennes-
see river and the Muscle Shoals project.
Mr. Patterson gave many interest-
ing figures regarding the work of
the association and pointed out the im-
mense help it has been in obtaining
recognition for the big Southern project.

Mayor E. C. Payne and City Attor-
ney Tennis Tidwell, who have just re-
turned from Montgomery, where they
attended sessions of the Alabama Pub-
lic Service Commission, gave short re-
ports of their visit to the capital and
told of the advantage of close co-opera-
tion between the commission and mu-
nicipal officials throughout the state.

Pledges given by those present for
memberships this year were very en-
couraging to the officials, President W.
W. Rahm announced today. The at-
tendance at last night's meeting was
large, although a number were pre-
vented from attending because of the
inclement weather.

"Our support for the year will be
assured when the pledges from all
those who have indicated they will
also memberships have been received.
We are very much encouraged over
the outlook," President Rahm declar-
ed.

The enjoyable menu was prepared

City Closely Watched, But Se-

Reason Why

RUMORS OF BOMB PLOT
ARE GAINING CREDENCE

Mansions of Rich Also Come in
for Scrutiny of
Watchers

(International News Service)

NEW YORK, Jan. 14.—With police
details still guarding today more than
a score of public buildings, churches
and clubs and the residences of a num-
ber of prominent citizens and million-
aires, there was an air of mystery
maintained at police headquarters as to
the reason for the unusual action.

The only information given was
that the police action was prompted
by local agents of the United States
Department of Justice who have been
conducting an investigation.

Streets Patrolled

Throughout the night members of
the automobile rifle squad and the ro-
ving motorcycle policemen sped thro-
ugh the streets on patrol. William J.
Flynn, in charge of the Department of
Justice's intelligence service, toured
the city in a high-powered automobile
accompanied by six plain clothes men,
visiting all of the special police de-
tails to make certain they remained on
duty.

There were rumors that a bomb
plot had been discovered, but there
was no confirmation of this. Credence
was given the bomb plot theory by the
fact that the police bomb squad was
ordered out for special duty, but mem-
bers of this squad were silent "on or-
ders" today.

Bomb Plot Rumored

It was believed that secret informa-
tion of an alleged bomb plot, obtained
suddenly by federal operatives and as
quickly communicated to the police,
resulted in the hurried mobilization of
extra-precautionary police.

Among buildings guarded during
the night were: St. Patrick's Cathed-
ral, city hall, postoffice, stock ex-
change, Grand Central and Pennsylv-
ania stations, bridges across the East
river, municipal buildings, the sub-
treasury, the palatial residences of
John D. Rockefeller, Simpson K. Van-
derbilt and the Frick mansion.

MADISON AGOG ON PROSPECT FOR OIL

CAMP BUILDINGS BEING ERECT-
ED AND DRILLING WILL
BEGIN SHORTLY

Madison county is agog over the
prospects for oil, according to the
Huntsville Daily Times, which says:

About the busiest place in the coun-
ty just now is the site of the big oil
well to be drilled near Hazel Green in
the northern part of Madison county.
The company represented by J. W.
Paige is financially equipped to carry
the first test well 3000 feet deep and
further if necessary.

Geologists who have inspected the
properties report that they have never
found better indications of oil and gas
in rich quantities than abound in the
Hazel Green section.

Camp buildings are being erected,
derrick are being put up and every-
thing will be in readiness shortly for
drilling operations.

Experts who have investigated the
possibilities of oil or gas in the Hazel
Green field express the belief that the
finding of either is very probable at a
distance much less than 3000 feet, but
if that distance is required it will be
met and more if necessary.

In event of success in the Hazel
Green drilling, pipe lines will be run to
Huntsville and arrangements made for
marketing of the product.

Blacks Sentenced To Be Hanged For Death of 2 in Riot

(International News Service)

CHICAGO, Jan. 14.—Grover Cleve-
land Redding, "friend of Abyssinia and
high priest of Jehovah," and Arthur
McGavitt, his chief lieutenant, are un-
der sentence of death today for the
slaying of Robert L. Rose, a sailor,
and Joseph Hart, a clerk, during a
riot here on June 20 last. Five others
tried with them were acquitted.

The riot in which Hart and Rose
were killed occurred during a parade
led by Redding and organized for the
purpose of recruiting negroes for the
"back to Abyssinia movement." Fol-
lowing the parade, the American flag
was burned by the marchers and Rose
and Hart were shot and several others

RULES FOR THE CLOSE OF BIG AUTOMOBILE CONTEST GIVEN

The Automobile Campaign closes Saturday night at 12 o'clock
midnight, January 15.

All subscriptions and money or checks to cover them must be
in the ballot box or in The Daily building to be placed in the ballot
box or in the mails enroute by that time.

The doors of The Daily office will be closed and locked promp-
tly at 12 o'clock Saturday night and no one will be allowed to enter
after that time and turn in subscriptions.

However, it is possible that all those who are in the building
with subscriptions to deposit in the ballot box will not be able to be
waited upon and their subscriptions deposited by 12 o'clock. There-
fore those persons who are inside the building at that time will be
given sufficient time to make their deposit in the ballot box.

So that the contestants residing outside the city may have the
same advantage in time as those more conveniently located to The
Daily office, all subscriptions received bearing a postmark showing
they were mailed before midnight Saturday will be accepted by the
judges. This rule is made to give all an equal length of time to
devote to taking subscriptions during the remainder of the contest.
BE SURE TO SEE THAT THE LETTER BEARS A POSTMARK
SHOWING IT WAS MAILED BY SATURDAY AT MIDNIGHT.

Personal checks turned in by the contestants in payment for
subscriptions collected should be certified. This will expedite the
judges' work and enable a quicker announcement of the winners.

Jasper Garage Man Taken Into
Custody After Auto
Track Trail

(International News Service)

BIRMINGHAM, Jan. 14.—Members
of Company M, stationed at Townley,
and in other sections of Walker coun-
ty, where state troops are on duty in
the coal mine strike district, reported
to the Birmingham headquarters of
General R. E. Steiner, commanding of-
ficer, this morning, pending a thorough
investigation of the attack upon the
Walker county jail Thursday morning
when William Beard, striking coal
miner, charged with the killing of Pri-
vate Morris of the National Guard
last December, was taken from the jail
and shot to death.

The troops have been replaced by
other men in the strike zone. General
Steiner made it known that there
would be a thorough investigation of
the attack and the militia would spare
no effort to clear up the tragedy.

It was believed that during the day
every man of the State Guard com-
pany stationed in the Jasper zone
would be present in Birmingham. So
far as could be learned, it is believed
that every man had been accounted for
on Wednesday and Wednesday night,
but in order not to overlook any pos-
sible clue, a thorough investigation is
to be made here.

General Steiner and Conrad W. Aus-
tin, chief law enforcement officer of
the state, will make report to Gov-
ernor Kilby after the investigation.

JURY PROBES

JASPER, Ala., Jan. 14.—On the
strength of evidence presented to the
coroner's jury Friday, the authorities
have great confidence that the perpe-
trators of the tragedy in which Wil-
liam Beard, coal miner, was taken
from the Walker county jail by mask-
ed men early Thursday morning and
shot to death, will soon be apprehend-
ed, according to J. M. Pennington, cir-
cuit solicitor who is prosecuting the
investigation.

The coroner's jury reconvened Fri-
day morning at 10 o'clock to continue
its inquiry. Five witnesses were ex-
amined Thursday afternoon and it is
believed more than 20 witnesses will
have been examined before tonight.

The jury is holding its sessions be-
hind closed doors, the public not being
admitted.

Leslie West, a young taxicab op-
erator, residing at Holly Grove, a min-
ing camp near Jasper, was the first
person taken into custody Friday. So
far he refuses to discuss the lynching.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories, tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With you watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—(Adv.)

Some Nights Are a Horror

Don't Suffer the Tortures of Insomnia, Don't Fitfully Toss On the Bed Night After Night. Read the Remarkable Letter From W. W. Pinner, Who Suffered Those Same Tortures But Found Relief in Re-Cu-Ma. Re-Cu-Ma Will Probably Bring You Sound Sleep Too. It Costs You Nothing to Try It.

Mr. W. W. Pinner of 423 Main street, Suffolk, Virginia, was troubled with an all too common trouble—insomnia. He could not get the sound, healthy sleep that nature demands to keep the body in a healthy condition. But now Mr. Pinner is getting sleep. In a recent letter he recounts the history of his case. "I have taken one bottle of Re-Cu-Ma," says Mr. Pinner, "and find it a good medicine. I had a bad pain in my back and the medicine relieved the pain entirely in a short time. I feel better, sleep better and can recommend the medicine as a good one. Before I commenced

taking it I could not sleep and night was a horror to me—now I sleep well and eat everything before me. It is a fine medicine and it will be my medicine all the while in the future."

Re-Cu-Ma directly benefits four organs of the body and through its effect on these four organs, benefits the entire system. Its effects on the stomach are to keep the stomach in a clean, strong condition, overcome indigestion, gas on the stomach and other common stomach ills. It strengthens and aids the functions of the kidneys and thereby ends the pains in the back caused by poor functioning kidneys. Re-Cu-Ma moreover contains several wonderful blood tonics which clear the blood and keep the skin clean and the blood pure.

Re-Cu-Ma's most important task is to keep the liver active. Most of the human ills can be directly traced to an ill functioning liver. For sale by Thompson's Drug Store, Albany; Beason-Cobb Drug Co., Decatur, and all good drug stores.—Adv.

other than to deny having had anything to do with it.

Owing to the muddy condition of the roads the officers were able to follow the newly-made automobile tracks of the mob leading from the jail and it is said law enforcement officers trailed one of the automobiles to West's garage, where they found his automobile wet with mud and the engine warm. The sentiment of the majority of those discussing the lynching seems to be that a party of militiamen, disguised as miners, attacked the jail and killed Beard out of revenge for the killing of their comrade.

Sheriff Guttery and Sid Gowan, in charge of the squad of law enforcement officers, and their deputies renewed their investigation today and with the evidence being taken by the coroner's jury, it is believed other arrests will follow within the next few days.

The party of lynchers consisted of about ten men, according to the best information received by officers. The attack on the jail and the murder of Beard are universally condemned by everybody and there was considerable talk Friday of organizing a Citizens' Protective League. Petitions to the governor, asking the removal of the militiamen now on duty and the substitution of others, may follow. The body of Beard was prepared for burial Thursday afternoon and is expected to be sent to Natural Bridge, Ala., for interment.

BUSINESS FUTURE APPEARS BRIGHTER

MANUFACTURERS ARE FINDING
BETTER SALES NOW, J. P.
MATLOCK DECLARES

The business future is very much brighter now and the manufacturers now are finding a healthy market for their products, J. P. Matlock declared today on his return from a meeting of the managers of the stores of the chain of which he is a member.

"Twenty manufacturers opened their spring lines at first prices last week," he declared, "and in less than five days had withdrawn their lines from the market—sold completely out at the first prices. The buyer for our chain placed an order for \$100,000 worth of merchandise by telegram. Every order was refused. The market now is in a very healthy condition and is bound to be reflected in higher prices, not only of the finished products but of cotton and other raw materials as well.

OUR INITIAL JANUARY CLEARANCE SALE

Started off Thursday Morning at a lively pace and bids fair to be the most successful Sale we have ever attempted, not successful from the standpoint of profits, but as a Clearance Sale, the indications are, judging from the opening day, that it will far surpass our expectations.

Notwithstanding the inclement weather, scores and scores of women got out their raincoats and parasols and waded in to share in this great Bargain feast. They were not disappointed either, for we have marked everything at prices that will fairly astonish you, and will surely make you pull out the old pocket book.

Heart-Breaking Smiles

There are thousands of kinds of smiles, but it would be mighty hard to picture even in the mind's eye smiles more poignantly tragic than those here seen. Two years of life have held little save misery for these Vienna youngsters, yet, even though the result is painful, they smile. They are victims of rickets, the offspring of near-starvation, and that countless others in stricken Europe may not have to share their fate eight American relief organizations, under the name of the European Relief Council, are making a joint appeal for the conscience of America to complete relief work which this winter faces its crisis. These agencies are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

Pershing Against Small U. S. Army

(International News Service)
WASHINGTON, Jan. 14.—Opposition to reduction of the regular army below 200,000 men was expressed by General Pershing today before the Senate military affairs committee meeting in executive session. Secretary Baker, who appeared with Pershing, informed the committee he believed the army should "certainly not be reduced below 175,000" as provided in the resolution of Senator New of Indiana, now before the Senate.

STAGGERING ABOUT LIKE A DRUNK MAN

Was Dizzy, Nervous, Back Was Lame, Stomach Full of Gas and Bowels Constipated; Gets Unusual Results by Taking Dreco.

Dreco does its curative work in a simple, straight-forward way. It wastes little time getting all its energies to work, feeding the tired, worn-out nervous tract, filling the arteries with rich, new blood, and building up the body for its fight against disease. Read what Mr. T. B. Menefee of 114 South Cedar street, Mobile, Ala., says: "For some time I have suffered with nervous pains in my back and limbs, especially the joints. It struck me first in the hips, then the knees got painful; then the shoulders and elbows. My back gave me a great deal of trouble, especially when I got up in the morning, and also when I would make a quick move or bend. I was also troubled with constipation, headaches, nervousness, so I did not sleep well, and my appetite was about all gone. I was attracted by the statements I read in the papers about what Dreco had done for so many other people, and decided to try it, with the result that by the time I had finished one-half of the first bottle, my pains had left and the stiffness was wearing away. I can now jump right out of bed without the slightest pain at all; can stoop about and climb stairs without any trouble. The constipation is entirely gone. I never have a headache and I have an enormous appetite."

"I feel perfectly well now but am going to keep it up until I take another bottle just to 'make sure'."

All druggists now sell Dreco and it is being especially introduced in Albany by Albany Drug Co.; in Decatur by Hilda Drug Co.—Adv.

SONG OF A LOCAL WOMAN APPLAUDED

"ENCHANTMENT" MAKES HIT AT MEETING LEAGUE AMERICAN PEN WOMEN

"Enchantment," the words of which were written by Miss Unity Dancy and the music by Mrs. R. L. Francis, both of Decatur, made the biggest hit on the program at the meeting of the Alabama Auxiliary of the League of American Pen Women, which was held in Mobile.

The Mobile Register says: "Enchantment," by Mrs. R. L. Francis, words by Miss Unity Dancy, sung by Mrs. John Murray at the birthday celebration of the Alabama Auxiliary of the League of American Pen Women, was one of the best numbers on the program."

Kate Ayers Robert, president of the auxiliary, wrote Mrs. Francis: "Your number was most generously applauded and proved the most popular number on our excellent program. I congratulate you and hope to hear from you again."

Mrs. M. E. Henry Ruffin, of Mobile, says: "Your song, 'Enchantment,' was very much admired and made a most pleasing addition to our program. It was sung by one of the best singers in Mobile. The song was very much complimented and we hope to see it published in the very near future."

MAMMOTH CAVE PARK
Interest Being Shown in Plan to Have Government Take Over Scenic Wonder

WASHINGTON, Jan. 14.—(By Capital News Service)—The warm support given by the people of all sections of the country to activities of the federal government looking to the creation of new national parks and the conservation and improvement of those in existence will cause interest to be shown in efforts to be made during the coming session of Congress to provide for the creation of another such park out of Mammoth Cave, Ky., and certain area surrounding it. It has been suggested in Washington that the scenic wonder of Mammoth Cave cannot be left in private ownership, indefinitely.

The movement to have a national park consisting of a 32,000 acre tract, and including Mammoth Cave, is being pushed by Representative R. Y. Thomas of the Third Kentucky district.

SELLING AFFECTS COTTON MARKET

LISTS DROP UNDER LAST NIGHTS CLOSE ON PRESSURE FROM SOUTH

(International News Service)
NEW YORK, Jan. 14.—Selling pressure from Wall street and the South was resumed in the early dealing on the cotton market today and, while first prices were 10 to 21 points higher, due to firm cables, they quickly sold about 14 points under last night's close. To some extent the report of the census bureau, showing consumption of 294,861 running bales in December, may have influenced the market and it was also affected by reports of large shipments from New Orleans. Notices of 21,000 bales were issued this morning.

ATHENS NEWS

The Parent-Teacher Club of Athens is growing and manifesting much interest in the school conditions here. At the mass meeting lately by public vote of those in attendance, and there was a good crowd, it was decided to purchase the present Greene school property and use same for Athens public school, building units suitable for its needs and also using the present building.

The Athens public school will have new quarters next fall. The present principal deserves much credit for his earnest work in this matter. Mr. Jerrill came to Athens school a stranger but with the recommendation of Webb school, and he has proven himself worthy of the school.

Wedding bells will ring in Athens next week.

The Study Club held a very interesting meeting on its regular day, Wednesday.

The D. A. R. chapter at its last meeting elected its delegates to the national congress in Washington, D. C., that meets in April.

Quite a few changes have taken place in business firms in Athens and many have moved to different stands.

Athens is glad to have Mr. A. A. Keyes and family of Albany to live here again.

Team Leaders to Hold Conference

Leaders of the teams entered in the bowling league of the Y. M. C. A. will meet at the "Y" at 7:30 o'clock tonight to discuss important features of the approaching race, it was announced today. In addition to the other important questions, the meeting is expected to adopt a schedule for the entire season and the attendance of representatives of every team was urged.

During the past two weeks interest has increased rapidly in the sport here and now the "Y" is the gathering place of a large number of bowling fans. A preliminary schedule, adopted in order to give the teams an opportunity to practice, will come out at the end of this week.

Crossed Wire Cuts Telephone Service

Wires of the Southern Bell Telephone Company and the Alabama Power Company, crossed at a point between the local station and Austinville, caused an interruption of phone service on some lines in that direction last night. Four lines of the phone company were burned out, Manager Cassels stated.

Potted plants were used in the de-

H. C. Hutchison was awarded a pretty
organdie collar and cuff set for high
score among the guests. After an in-
teresting game of rook dainty after-
noon refreshments were served. Club
guests for the afternoon were: Mrs.

Mrs. Hannah and Miss Mabel Har-

MUSIC STUDY CLUB

On Wednesday, January 12, the reg-
ular meeting of the Woman's Music
Study Club was held. During the
business session that preceded the
program the club decided to become
a member of the State Musical Orga-
nization, continuing its activities with
the A. F. W. C. Also a committee was
appointed to collect used magazines to
be sent to Tuscaloosa, another A. F.
W. C. activity. This work is carried
on by Mrs. A. E. Jackson, chairman
for the first district.

Mrs. J. D. Jeffries, delegate to the
state convention held at Montgomery,
gave a most interesting review of the
work of the state body, that is devot-
ing itself unreservedly to the elimina-
tion of illiteracy in the state.

Mrs. L. A. Neill, president, review-
ed the biennial held in June at Des
Moines, Iowa, when she represented
the Progressive Culture Club. She
pleasantly enthused her hearers, who
lost not a word of the report of the
work of this great body of women, de-
scribing them as "motherly women,
stately women, dazzling women, plain
women, women with enormous dia-
monds, and women with none; women
from the West, who put square cor-
ners to their R's; women from the
South, who slur them delightfully, and
women from the East, who ignore the
letter altogether; grandmothers and
girls with bobbed hair; Republicans
and Democrats, suffs and anti-suffs—
these for the numerators and splendid
womanhood for the common denomi-
nator. For it is their womanhood
that brings them together. They are
working for the things which affect
women in their relation to their homes
and to their children, and each other.
And such women! If any have come
to scoff, they remain to marvel."

With an unusually large attendance
augmented by several guests, the mu-
sical program of much excellence was
taken up, opening with Miss Elize
Phinix in a double Chopin number,
Mrs. Whaley following with an instru-
mental number. Miss Pullen, accom-
panied by Miss Phinix gave a double
vocal number.

The pleasant surprise of the after-
noon came when the president an-
nounced an original composition by
Mrs. R. L. Francis, "Enchantment,"
sung by Mrs. J. D. Jeffries, Mrs. Fran-
cis accompanying. The words were by
Miss Unity Dancy and the composition
was originally sung at the birthday
celebration of the Alabama Auxiliary
of the League of American Pen Wom-
en at Mobile, Ala. The song on its
first rendition was highly complimented
by the Mobile papers and officers of
the state organization. The composer,
wishing to perpetuate the musical in-
spiration, collaborated with Mrs. E.
E. Graves, who wrote the manuscript
from the piano rendition. It is most
pleasing to the Music Study Club that
it has in its membership a capacity
for such intellectual development.

As a hostess Mrs. Graves left both-
ing undone to make the occasion one
of not only pleasure but of profit to
the members of the club. The home
was brightened with vases of gift
flowers in pink and white.

Story of the Thimble.

The modern thimble dates from
1684, when the goldsmith, Nicholas Ben-
schoten of Amsterdam, sent one as a
birthday present to a lady with the
dedication, "To my frou van Rensse-
laer, this little object which I have
invented and executed as a protective
covering for her industrious fingers."

First Domesticated Animal.

The dog was probably domesticated
first but the sheep, the ox, the camel
and the horse were doubtless added in
rapid succession when it was found
that animals could be adapted to the
needs of man.

Surmise Was Correct.

A certain schoolmaster had a par-
ticularly troublesome set of boys to
deal with, and consequently had to
resort to a good deal to the influence
of the cane.

One day, when some unpardonable
breach of discipline had been com-
mitted, he stood with several of the
ringleaders in front of the class.
"Boys," said he, sternly, "it seems
to me that I have to work the cane
a great deal more than I ought to
work it."

"Yes, sir," retorted the demon of
the class, with a significant look at the
cupboard. "I shouldn't wonder if it
comes out on strike soon."

And sure enough it did.—London

Why the Audience Smiled.

A certain clergyman, inclined to cor-
rupency, officiating as chairman at a
social gathering that had met to cele-
brate the building of a new school-
room addressed the audience in the
following manner:

"Friends," he said, "at the close of
this meeting there will be a collection.
It will not be for the poor," and, un-
consciously putting his thumbs into his
trousers pockets and tapping with his
fingers his waist band, continued, "but
for the development and enlarging of
this department."

WHAT YOU NEED IS RED BLOOD

Men, Women and Children Who Are
Pale and Run Down Need Help

TRY PEPTO-MANGAN

It Builds Rich Red Blood Which
Restores Vitality

So often growing children look pale
and wan. They play too hard and use
up all their energy. Men and women
are the same. They often work too
hard.

The blood becomes clogged with
waste matter. There are not enough
red corpuscles. A condition of anemia
(or bloodlessness) develops.

Your blood is half starved. It needs
the nourishing ingredients in Pepto-
Mangan to make it rich and red.

Begin taking Pepto-Mangan today.
In a little while you'll see an improve-
ment in color and appetite and energy.

Pepto-Mangan is sold in liquid and
tablet form. Both have the same in-
gredients. Take either kind you pre-
fer. But be sure you get the genuine
Pepto-Mangan—"Gude's." The full
name, "Gude's Pepto-Mangan," should
be on the package.—Adv.

Stomach Troubles Made Him Feel Sick at Meal Times,
But Now Always Enjoys His Meals.

DO YOU enjoy your meals? Eat
without the dread of the after-
effects?
Lack of appetite, and a disagreeable,
sick-at-the-stomach feeling after meals,
usually indicate that your digestive
organs are not working properly. As
a result, you will feel weak, lose weight
and lack the energy that is to be de-
rived from well-digested food.
A valuable help in correcting such
conditions is mentioned by the Rev.
E. K. McKenzie, of Route 1, Section,
Ala., who writes: "I had stomach trou-
ble. When I would go to eat, I would
turn sick. I took one bottle of Ziron,
and it cured me. Am always ready
for my meals and enjoy them. I think
it is a fine medicine."
If your food hurts you, if your appe-
tite is poor, if you are pale, weak and
run-down, and have other symptoms
that indicate your system needs help,
try Ziron. It will put iron into your
blood and help build you up. Take it
according to directions, and if not
benefitted by the first bottle, the money-
back guarantee will protect you.

FANCIED WRONGS OUTWEIGHED
THE FRIENDSHIP OF SUFFERING

In diplomatic language "the incident is closed," namely the first fight between Lieutenants Farrell and Hinton, as staged a few days after to gether they had come through the jaws of death. It is difficult to understand how two men, who could not possibly have lived had it not been for the mutual aid they rendered each other on their long perilous journey from the frozen North, to Moose Factory in central Canada, could have come to blows on any account. The explanation they have jointly given to the world, in which it is stated that the weakened condition of the men was the prime cause of the difficulty, is the one which will and must be accepted by the public. The following is the statement given out by Lieutenant Kloor, the ranking officer on the ill-fated Naval Balloon apparently at the request of Messrs Farrell and Hinton.

"On several occasions during the trip," the statement said, "after a long and tiresome walk, one or two of us would become grouchy and at the slightest invitation would make a fuss. These quarrels were only on the spur of the moment and were just temporary disagreements. Almost as quickly as they would start they would end, leaving all hands as usual the best and strongest of friends.

"I also wish to state that as commander of the balloon I flew to Moose Factory, I had perfect liberty to select any of the officers at the station to accompany me, on authorization from the commanding officer. In picking my passengers, Lieutenants Hinton and Farrell, I selected them because they were two of my best friends and themselves good comrades.

"During the trip all of us have been ready to make sacrifices for one another, without partiality. We have fought our battles as befits shipmates and in accordance with the traditions of the United States Navy. We have done our best to uphold our own dignity as well as that of the service. We always will be brothers.

"Such petty quarrels as may have occurred will not lessen our affection for one another. Today after the first real rest since we left Moose Factory, our differences patched up, and our friendship renewed, we cannot emphasize too strongly that there is not and has not been any misunderstanding in our party other than of a passing nature."

While the explanation is perfectly plausible, it still fails to explain why any stronger bond of sympathy had not been established during their desperate sufferings and mutual hardships, in view of the accepted teaching that trouble always brings people closer together in their regard for one another. The disagreements of the two lieutenants are quite as inexplicable as the reported stories of fights, contentions and even mortal combats between soldiers who together were facing death and a common enemy.

The statement over which the two men were said to have had their violent disagreement was made by Lieut. Hinton as follows:

"Mr. Farrell fell from exhaustion several times. Wanted us to cut his throat and take his body for food and asked us to go on and let him die, but we decided to stick and die together. I was the only one that did not express my feelings and kept them cheered up."

THE NEW YEAR WELCOMED.

Can the passing of an old year and the welcome to a new one be accomplished with the same gay watch parties as existed before the advent of prohibition? The American Issue, official organ of the prohibitionists, declares it is not only possible, but asserts it was done when 1921 made its appearance.

The American Issue says:
Another wet fallacy has been killed in dry America.

It was done to death on New Year's Eve by the thousands of merry-makers who thronged the hotels and cafes of the larger cities of the United States.

These revellers demonstrated beyond the shadow of doubt that a new year could be welcomed as enthusiastically without assistance from John Barleycorn as with his

assistance.

They have shown the world that Prohibition is not a kill-joy, and proved that the prophecy of the wet calamity howlers that Prohibition would mean the end of all merry-making is a fake; for the metropolitan newspapers report hotel dining rooms and cafes crowded to capacity, many of them hanging up the S. R. O. signs early in the evening, the same as in New Year's celebrations of old license days.

Table service charges brought the same high prices as of yore, and reservations were at a premium.

It is true, there were some law violations, some drinking, but Federal officers were on keen watch for hip-pocket liquor toters, and the man or woman who got a drink got it under difficulties. Comparatively few violations of law were reported.

Newspaper headlines of January 1, 1921, reporting the revelries, did not look familiar. In license days these headlines not infrequently carried the ugly words, "orgy," "debauch," "drunkenness." These words were missing from the headlines' vocabulary this year.

Notwithstanding the high price of contraband liquors, no estimates totalling millions of dollars spent for liquor by revelers appeared in the newspaper accounts as in license days. Not infrequently the metropolitan newspaper stories of the celebration this year referred to the family groups that occupied the tables in the cafes and hotels. They practically all agreed that the crowds this year were up to the standard in number and in the amount of noise with which they welcomed the New Year.

Passing then from the question of hilarity, which really is not the important feature of the New Year celebration from a "dry" standpoint. The Issue takes up the discussion of the "after effects." Figures are quoted to show the low number of police court cases on January 1. In New York, the periodical declares, for the "first time in history not a single offender was arraigned before the court as the old year passed out. Quite a contrast with former years when a long line of woe-begone celebrants faced 'his honor' or over-doing their welcome to the new year."

The celebration of the birth of a new year and the effects prohibition would have upon the event was not a particular issue in the "dry" fight, but even the "wets" should find consolation in the fact that they may still properly celebrate, without the necessity of running either the risk of wood alcoholic poisoning from the boot-legger or an explosion from ill-timed home brew.

IMMIGRATION

At the opening of the present term of Congress that august body took up the immigration question with great display of zeal and enthusiasm. The demand for relief was widespread, insistent and overwhelming.

So Congress tackled the immigration problem with a great beating of drums and much popular applause. The movement to restrict, or rather to prevent, immigration having been duly indorsed and applauded by the people, the actors have apparently made their bows and have left the act unfinished. Having appeased the popular clamor by a great show of speed, and having allowed the interest of the public to be engrossed by other matters, Congress has apparently shelved the immigration question in that great cold storage house of human hopes, known as the United States Senate.

There can be no reasonable excuse for the delay in passing a bill to relieve this country of its alien menace. The foreigner has no inherent right, no legal right, no contract right or any other kind of a right to make America his home or his poor asylum. He can only come in by permission and invitation, and has no ground to complain, or even to be heard, if that invitation is withdrawn for a season or forever.

There is no room for argument about the undesirability of the immigrants we are now receiving. They are paupers, weaklings and criminals. America has become a garbage can into which Europe is depositing her waste. We have had immigration committees, charitable committees, congressional committees and various other bodies that have visited Ellis Island and have made their respective reports from first-hand information, and these reports only differ in detail. They are unanimous in their findings that our present stream of foreigners are paupers, diseased, ignorant and, to a large extent, criminal and depraved. They are nearly all from the slums of European cities, and they will seek the slums and create slums in American cities. They are not producers, but they are parasites.

With all their poverty, weakness and ignorance, they are strongly impregnated with the doctrines of bolshevism and social disorder and revolution. Many of them are the disguised disciples of Lenin. Not a one of them has any right to set his foot on American soil without the consent of the American people, and the strong sentiment of our people favors a temporary stoppage of all immigration until a more propitious time, or until the enactment of such laws as will insure us the right of making some selection among our visitors from foreign lands.

the prizes. If you have any promises of subscriptions unfilled, see that they are kept. Don't overlook one of them. The prediction is that the race will be very close and one would feel greatly disappointed to find with a few subscriptions more than one had would have made him or her a winner of one of the large prizes. Every one is working harder toward the final hours of the big contest, and no one has enough votes to say he or she has a prize "cinched." The subscriptions secured during this week and up to the time the contest closes will doubtless be the deciding ones.

A ballot box, locked and sealed by the judges, will be placed in the campaign headquarters to receive the subscriptions and remittances of those contestants who prefer to deposit them in the box instead of turning them in in the usual manner.

Each contestant is furnished with an itemized receipt covering the subscriptions turned in up until the final week of the campaign. The vote coupons, which have been clipped from the paper, the subscriptions turned in by the contestants up to the final week of the race, plus the subscriptions placed in the ballot box, determine the winners of the prizes.

Extended Subscriptions
One of the rules of the contest provides that a subscription turned in during the contest and extended for a longer period at some later time in the contest will carry the same vote value as it would have carried had the entire amount been secured and turned in at the same time. This will be a source of many votes to the workers

who go back to their subscribers who gave them a small subscription and get them to give another payment upon it, thereby extending the subscription for a longer period. This will be true where the contestants have secured a three months' subscription. In some cases the subscriber gave a three months' instead of a six months' or longer subscription. In these instances the judges will allow the contestant one-half the number of votes on the three months' subscriptions as the regular schedule permits for a six months' subscription. Get second payment subscriptions, contestants, and WIN. The extended subscriptions must be marked with the information showing they are second payments so the judges may identify them as such and give proper credit.

Where It Started

The scale, do, re, mi, fa, sol, la, si, do, was invented by a monk, Guido d'Arezzo, about 1020. He noticed that in a certain chant the accented Latin words began thus: Ut, Re-sonare, Mi-ro, Fa-muli, Sol-ve, La-bil, Si. He took the first syllable as his scale. "Ut" was later changed to "Do."

Woman Can't Find

"After six years of suffering from stomach trouble I am feeling fine. All the bloating and soreness is gone from my stomach and bowels. I can eat all I like now. I can't think of any words suitable enough to praise Mayr's Wonderful Remedy. I am sure it has saved my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. The Cream
of the Milling

Ordinary flour is like whole milk; Dainty Flour is like cream—from rich, Jersey milk. It is only the white centers of nothing but the very choicest soft winter wheat.

MILLING Dainty Flour is like skimming the cream from rich, Jersey milk. Only the white centers of nothing but the very choicest soft winter wheat go into Dainty Flour. The rest is suitable only for use in lower grades.

Today, when millers are tempted to sacrifice quality to price, we might "run the spoon a little deep" and take some of the "milk" along with the "cream." But we won't. You wouldn't want us to even tho we could sell you such a flour for less. It wouldn't be Dainty.

What if Dainty does cost more than ordinary flour? It's worth more. You won't have needless, expensive failures with it. Dainty requires less shortening. And think of the better baking!

Clearance of Entire Stock of Women's, Misses' and Children's Winter Apparel

Extraordinary clearaway of the highest grades of merchandise—the most exclusive sort. All women have been in expectancy for this annual event—knowing that the new lowered prices on merchandise, when reduced, would bring wonderful values, and that purchasing at such a time would secure garments at much smaller expenditure than what otherwise would be possible. Our well-established policy of carrying nothing from one season into a succeeding season is responsible for these drastic reductions.

Jan. 15th

I have just closed the most successful year in the life of my business career. For the past four years my business has made a healthy increase over each previous year. Thanks to the public for their generous patronage, which has made this concern grow from an ordinary business to one of the biggest businesses in this section, and made it possible for me to open the second store. I am grateful for their hearty co-operation and as a token of my appreciation, am going to run a ten days Sale of Gratitude, beginning JANUARY 15, and running to January 26. The doors of both stores will swing open at 8 o'clock January 15th. We have made special preparations for this important occasion for the public. Our buyer has just returned from the market, where he picked up some wonderful bargains of good, fresh, new, fancy and staple merchandise, just such as you need.
